## How to reset Slides and Dogs if the slides are stuck or not free.

Please read the information sheet  
 for ways to have successful retrieval with TheFetch.

To reset dogs, tap both sides.

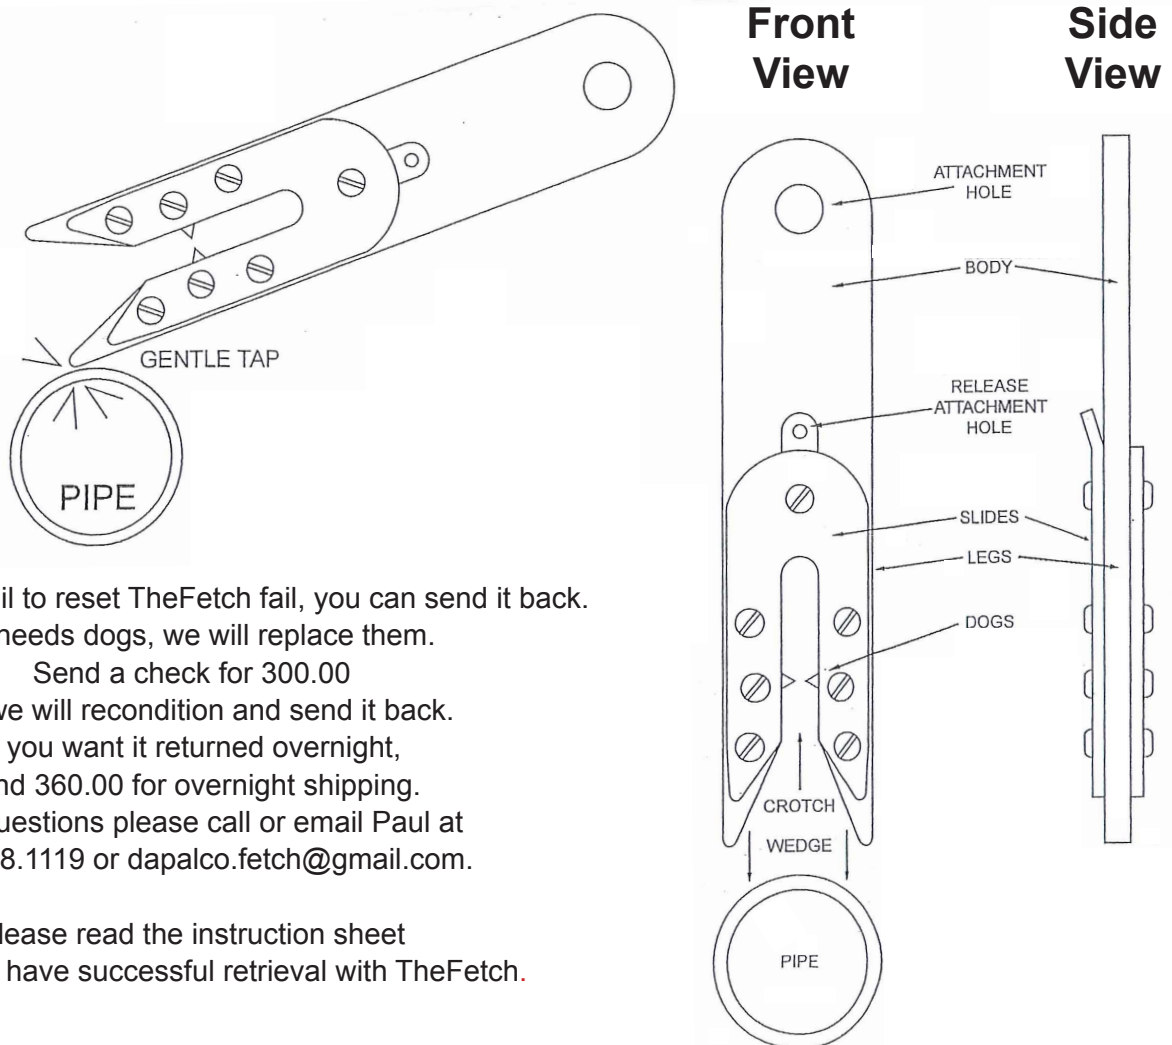

**DO NOT HIT HARD.**

You only need to reset about 1/32 of an inch.

The slides should move freely.

If not, repeat tap.

If it goes too far, wedge legs on pipe to open wider.

If all attempts fail to reset TheFetch fail, you can send it back.

If it needs dogs, we will replace them.

Send a check for 300.00

and we will recondition and send it back.

If you want it returned overnight,

send 360.00 for overnight shipping.

Any questions please call or email Paul at
